## MEXICO WARNED OF A CHANGE

### GARRANZA CONFESSES HE CANNOT PROTECT FOREIGNERS

#### TAKE UP THE TREATY WITH THE PRESIDENT

(By Associated Press)  
WASHINGTON, Aug. 14.—The senate foreign relations committee, after a two-hour conference, decided to notify the president that the committee would call at his convenience to discuss the treaty.

#### MAY REGULATE COLD STORAGE BY LICENSING

(By Associated Press)  
WASHINGTON, Aug. 14.—The agricultural department has asked an appropriation of nearly \$500,000 to aid in carrying the cost of living. The department has also asked for the licensing of cold storage.

F. G. Erner, editor of the products review, said that the legislation under consideration would tend to decrease the usefulness and efficiency of storage systems.

Through license regulations and power of the food administration to enforce the cancellation of licenses, the department of justice hopes to reach some cases of profiteering in sugar that would be difficult to reach through enforcement of criminal provisions of the food control act. The department made this position plain in a circular sent district attorneys calling attention to the fact that the food administration had taken the position that sugar should not retail at more than 11 cents a pound and "where retailing for more it would indicate that either the wholesaler or the retailer was making unreasonable profit."

No date was fixed for reopening of hearings with Bullitt and others as witnesses. Some of them are not in the United States. Senator Lodge announced that all hearings would be open. The committee decided to call Dr. John Ferguson, Thomas Millard, who are regarded as authorities on Chinese and Japanese affairs. Bullitt told the senate agricultural committee that he intended to prosecute dealers in necessities who were selling above the prices determined by the price committees in cities and counties as fair.

#### VENICE TOPERS BUY PERFUME FOR BOOZE

(By Associated Press)  
VENICE, Calif., Aug. 14.—As long as drug stores are permitted to sell certain perfumes, there will be imitations, according to William Loomis, Venice chief of police, who declared recently that during the first week of wartime prohibition, seven men and women were arrested here charged with being intoxicated from drinking eau de cologne.

#### BRITISH MUNITIONS DUMP EXPLODES AT COLOGNE

(By Associated Press)  
COLOGNE, Aug. 14.—The British munitions dump at Kalk, a suburb of Cologne, exploded today. Fourteen were killed and many injured.

TODAY'S WEATHER

Maximum yesterday	88 83
Minimum yesterday	66 58

and the treaty. The committee agreed that any information obtained from the president would be made public.

There was no indication at the White House when the president would receive the committee. Secretary Tumulty said "we have no comment to make."

Secretary Tumulty said "There is a strong possibility that the president will start on his speaking tour when the treaty is reported by the committee." Wilson hopes to get to the Pacific coast in time to review the Pacific fleet early in September and before he leaves, that congress will get started on legislation to aid in reducing the cost of living.

#### MONTANA LEASE HAS RICH ORE

The Montana Tonopah may be re-opened on company account if the developments of the past few weeks continue as encouraging. The lease is in a fair way to clean up for mines from one of the oldest mines in Tonopah and a recent visitor who inspected the Montana remarks that there is more ore in sight than can be mined in most of the producing mines of the whole state. This remark was provoked by a visit to the S. H. Hill lease on ground above the footwall level close to the shaft where it is stated on reliable authority that Hill has \$100,000 worth of ore blocked off ready for shipment. Five years have elapsed since the Montana ceased to do business on company account when the big mill on the side of Mount Odie was dismantled and the machinery scattered to various parts of the mining region for use in other plants. Since that time the Montana has yielded immense for ore to buyers and today, it is reported that the old mine is so active that it would not be surprised to learn of it coming back to its prime glory.

#### HIS FINGER PRINTS LEAD TO CAPTURE OF THIEF

It was through a greasy screwdriver on which he had left his fingerprints that Frank Tonjas was apprehended yesterday within six hours after he had broken into a showcase before the Reno store of Walter St. Pierre and stolen five pairs of shoes. Sometime between 5:30 and 6:30 while it was daylight the showcase was broken into by the use of a screwdriver which the burglar providently left behind in the case.

#### SEIZURE OF BUTTER

(By Associated Press)  
CHICAGO, Aug. 14.—Butter valued at \$50,000 was seized on federal and libel warrants.

#### LAST WORD BEFORE WE BEGIN WAR

(By Associated Press)

WASHINGTON, Aug. 14.—The fact that the Mexican foreign office was warned July 22 that there would be a radical change in the policy of the United States regarding Mexico if the Carranza government failed to continue the protection of Americans in Mexico was disclosed today by the state department. It was announced that Mexico replied that everything possible was already being done to protect foreigners and it was suggested that it would be impossible to afford the protection demanded unless the foreigners were concentrated in populous places.

The action of the United States was determined upon as the result of a long series of murders and outrages of Americans in Mexico culminating in the murder of Peter Catron in San Luis Potosi in July.

#### KOLCHAK WITH BACK TO WALL

(By Associated Press)  
LONDON, Aug. 14.—The Kolchak forces are continuing to retreat in the Ural mountains, according to news received here. South of Ural at the southern end of the Ural, the Bolsheviks have driven the Cossacks back 60 miles and are endeavoring to separate them from the main body of the Kolchak forces, which are fighting on both sides of the trans-Siberian railway.

East of Cheliabinsk, a junction on the railway and Shadrinsk, the Bolsheviks are reported to have reached the lines on the Miasa and Isset rivers and captured Tiumen, just east of the Russian Siberian border. The advice add there is no sign that the Bolshevik advance is likely to be checked. The Associated Press is informed that the general position of Kolchak and his government is not believed to have been made materially worse by the Bolshevik advance and, barring any unexpected collapse of Admiral Kolchak, the munitions the Americans are sending should arrive in Siberia in time to aid in his recovery.

#### AERIAL PHONES OF REAL VALUE

(By Associated Press)  
FORT BLISS, Tex., Aug. 14.—Airplanes patrolling the Mexican border in this district may now report suspicious bands of armed Mexicans seen on the south side of the Rio Grande by means of the wireless telephones. All of the scout airplanes patrolling this border are now equipped with wireless telephone outfits, and the aerial observer may talk with border patrol stations direct or with flying headquarters here. A test was made of the newly installed wireless telephones and Brig. General James B. Erwin talked with the airplane observers flying between Columbus, N. M., and Fort Hancock, Texas.

#### COFFEE SEIZED

(By Associated Press)  
ST. LOUIS, Aug. 14.—Federal officials seized today 284,180 pounds of coffee held in warehouses.

#### NATIONALIZING RAILROADS ON A NEW SCALE

(By Associated Press)

WASHINGTON, Aug. 14.—Luther Walter, general counsel for the National Association of Owners of Railroad Securities, presented to the house interstate commerce committee today the Warfield plan for railroad control, with its provision for a flat return of 6 per cent on the capital invested. The plan provides for the division of all surplus, over a fixed return among the employees, the public and the road earning it. Walter said the plan could be made effective immediately. He said the plan "would create a corporation managed by nine interstate commerce commissioners and eight railroad men selected by the railroads."

Walter said "The keystone of the Warfield plan is a congressional instruction to the interstate commerce commission that it shall make freight and passenger rates sufficient to pay operating expenses and maintain railroad properties and give not less than 6 per cent return upon the aggregate fair value of the property devoted to transportation in each of the principal traffic territories."

Walter opposed federal incorporation and a transportation board and a secretary of transportation in the cabinet.

#### THUGS ATTACK EMIL ELKNER

Emil Elkner, past exalted ruler, Tonopah Lodge No. 1952, B. P. O. E., is going around with his left eye in a shutter as the result of an encounter he had with two thugs while he was walking to catch his train at the 16th Street station, Oakland, Sunday night. Two men stopped him to ask for a match and when Mr. Elkner halted to accommodate them, one swung and landed with his fist right under the eye. The blow was not sufficient to knock out the victim but it dazed him and it was several minutes before he recovered himself. In the meantime his assailants must have been alarmed for when Mr. Elkner was able to take his bearings he found he was alone without any attempt having been made to get at his valuables.

#### FREE TELEGRAPH SERVICE

Congressman Charles R. Evans advises the Bonanza that free telegraph service is extended by the government to all inquiries concerning public and departmental information, with assurance of an immediate reply.

#### POOREST SALMON PACK KNOWN IN ALASKA

(By Associated Press)  
SAN FRANCISCO, Aug. 14.—The Alaska Packers company announces that the 1919 salmon pack in Alaska and the northwest is the poorest in the company's history.

#### FORMER TONOPAH TEACHER

Mrs. Jennie Curieux is in receipt of a card from Mr. and Mrs. Raymond Ashley at Reno announcing the birth of a son on August 7. Mrs. Ashley will be remembered as Renee Ross, a former Tonopah teacher, and a sister of Gilbert Ross.

#### FORD JURY RETIRES AFTER THREE MONTHS

(By Associated Press)  
MT. CLEMENS, Mich., Aug. 14.—The jury in Ford's \$1,000,000 libel suit against the Chicago Tribune has retired to consider the verdict. They heard testimony for three months.

#### MAC NAMARA CRESCENT MAKING 7 FEET DAILY

Within five minutes ride of the Tonopah postoffice may be found two of the most interesting investments initiated since the appearance of the Divide boom. This is the ground of the MacNamara Crescent and the Oriental companies operated under the control of J. L. Joseph and his financial associates who were among the first to demonstrate their faith in both Tonopah and the Divide. The locations are on the southern slope of Mount Brougher where buty companies had the advantage of old shafts which had been sunk to a considerable depth. Both properties are under the management of E. C. Simpson of the MacNamara company.

The Crescent has the finest equipment outside of a few of the older Tonopah companies and can sink to 2000 feet without making any additions. The Crescent has a double drum hoist operated with a 100-horsepower motor with a compressor that will meet all needs of the company for some time to come. The old shaft was retimbered to 605 feet and the last set having been played August 2. The following day sinking was resumed and the hole is now going down at the rate of seven feet every 24 hours, 80 feet having been gained shooting two rounds a day and breaking 30 feet. Allowing for the fact that the work is done by a new crew the management expects to do better and increase the footage to eight or nine feet every twenty-four hours. The sinking will be continued to the trachyte which should be entered at about 900 feet and the ore body cut 25 feet lower. The formation in the lower shaft shows occasionally round chunks of trachyte and West End rhyolite with nominal values appearing in the trachyte. The trachyte which is the orebearing formation at disposal of the MacNamara management. It is believed that at this point the formation may range from 12 to 25 feet thick.

#### RUMANIA WILL QUIT BUDAPEST

(By Associated Press)  
AMSTERDAM, Aug. 14.—Rumanian troops are about to leave Budapest in consequence of a note sent Rumania by the peace conference, according to a wireless quoting Vienna newspapers.

(By Associated Press)  
PARIS, (Wednesday), Aug. 13.—Rumania in no wise favors the installation of Archduke Joseph in power in Hungary according to the declaration of Victor Antonesco, Rumanian minister here, who said "The Bucharest government has no reason for sympathy for the archduke personally or the reactionary regime he represents."

(By Associated Press)  
VIENNA, Aug. 14.—A statement attacking England and America and demanding that Hungary be united to Rumania under King Ferdinand and threatening to strip Hungary if the Rumanian army is forced to withdraw has been presented to Archduke Joseph by the authorized Rumanian representative at Budapest, according to dispatches received here.

#### ANGRY TEXANS STIR CONGRESS

(By Associated Press)  
WASHINGTON, Aug. 14.—Members of the house intervened to prevent a personal collision between Representatives Blanton and Hardy of Texas, both of whom were Democrats. Hardy resuming Blanton's charge that he was a "more rubber stamp" in the sense that he always defended the administration. He rushed at Blanton but was restrained.

#### THIRD VICTORY BOND PAYMENTS ARE NOW DUE

Purchasers of Victory bonds who have not paid their third installment should bear in mind that this installment is now due, and that the money must be in San Francisco on or before August 15. This payment is or 20 per cent.

#### COLORADO SOLDIER ARRIVES FROM OVERSEAS SERVICE

George Rideout, son of Mrs. Lee Bell, arrived this morning from Camp Lewis where his regiment was demobilized after having arrived at Newport News July 30. He was with Thomas Brown, who arrived last week, in the 815th pioneers attached to the 5th division and spent ten months overseas. Private Rideout was included in the Nye county draft but responded from Tacoma at the same time that Leo Stewart and Thomas Brown were inducted in Tonopah August 1, 1918.

under the management of E. C. Simpson of the MacNamara company.

The Crescent has the finest equipment outside of a few of the older Tonopah companies and can sink to 2000 feet without making any additions. The Crescent has a double drum hoist operated with a 100-horsepower motor with a compressor that will meet all needs of the company for some time to come. The old shaft was retimbered to 605 feet and the last set having been played August 2. The following day sinking was resumed and the hole is now going down at the rate of seven feet every 24 hours, 80 feet having been gained shooting two rounds a day and breaking 30 feet. Allowing for the fact that the work is done by a new crew the management expects to do better and increase the footage to eight or nine feet every twenty-four hours. The sinking will be continued to the trachyte which should be entered at about 900 feet and the ore body cut 25 feet lower. The formation in the lower shaft shows occasionally round chunks of trachyte and West End rhyolite with nominal values appearing in the trachyte. The trachyte which is the orebearing formation at disposal of the MacNamara management. It is believed that at this point the formation may range from 12 to 25 feet thick.

The Oriental completed installing the collar of the shaft last night and the next undertaking will be putting up the wallows frame, the timbers for which arrived today. The hoist, motor and compressor are in place and it will require a few days only after the cable is strung to resume sinking. This shaft is down 850 feet and the timbering down to 300 feet is in perfect shape without requiring a wedge or nail to insure safety. Even the ladders are perfect without a single rung missing. The company will lose any time in making repairs. The locations of both properties are directly on the line of the proposed electric railway which will cheapen the costs of delivering ore to the mill.

#### ANDREW CARNEGIE BURIED AFTER SIMPLE SERVICE

(By Associated Press)  
LENOX, Aug. 14.—The funeral of Andrew Carnegie was held at Shadow Brook. There was no eulogy and no pallbearers. The service was as simple as were his tastes and habits.
